

**LOOKING FOR A FUN AND EDUCATIONAL (+ FREE!)
SUMMER CAMP WHILE STUCK AT HOME?**

NatureWay 2020

NatureWay is a free day camp for elementary school children (ages 6-10) co-led by the Student Environmental Education Coalition, a local 501(c)(3) nonprofit organization.

NatureWay aims to stimulate interest in STEM fields through unique and engaging lessons and activities designed around promoting the conservation of the natural environment. We integrate lessons with safe hands-on activities that require a few household materials. Due to COVID-19, the camp will be conducted virtually through Zoom.

ENROLLMENT

Camp Weeks: July 20th - July 24 , July 27th - July 31st, August
3rd - August 7th
